KNOCK, KNOCK!

It's me! I'm a really hard worker. I'm great at laughing at myself, and I make good mistakes that I don't often make again. I ask people about their lives at lunch time. I am so open to feedback and love the creative process of critique. I have a variety of creative passions that all inform one another in surprising ways, even to me sometimes. I love candy, dancing and the ocean. And, I hope I get to meet you!
